- 1 You can choose to participate in our classes by creating your own schedule. Our team will do it's best to support you and your learning needs.
- 2 We decided to create the "Regular" and "Weekend" hacker schedule to make our educational program more inclusive and flexible to suit your unique needs.

Disclaimer:

This schedule is subject to changes that will incur either from our team or yourself. We created it as a rough draft for you to know what to expect.
